	Block CX	14" square	Cut 1	
	Block CY	14" square	Cut 2

*The largest flower piece is stitched first.

- Then the stabilizer is carefully torn away and the "flower stabilizer" is set aside to be used for the next smaller flower.
- (Discard the stabilizer around the block edges).
- After each flower is stitched, tear away the stabilizer and use it for the next smaller flower until you have completed the block.
